

# DMA

## Source, destination and transfer modes

1. Peripheral-to-memory
2. Memory-to-peripheral
3. Memory-to-memory

## Specific Source and destination

1. UART3 to Memory
2. Memory to UART3
3. ...

## Transfer Detail

1. byte to byte or byte to word...
2. circular mode / normal mode
3. increment
4. interrupt?
5. DMA request mapping
